\*Management Unit, Sturt Gorge Recreation Park Vegetation Management Plan (2003)

All working bees are 3 hours but you are welcome to leave earlier – always work to suit your health. If there is a Total Fire Ban in place, the Park is closed and the working bee is cancelled. Due to COVID19, please maintain social distancing and bring your own morning tea. Your working bee coordinator can provide you with tools and personal protective equipment. Work priorities may change on the day if conditions are unsafe. Please remember to sign on, and sign off when you leave. Any additional working bees will be promoted via the email list. Contact [moreinfo@fosg.org.au](mailto:moreinfo@fosg.org.au) to be added.
